Dear Sir:

Pursuant to 37 C.F.R. §1.97, as revised on February 4, 1992, 1135 OG 23-24, Applicant  
hereby calls the Examiner's attention to documents listed on the attached form, which documents  
may be material to the examination of this application. A copy of each of these references is enclosed  
herewith.

No inference should be drawn that the attached list sets forth a comprehensive investigation  
of the prior art, that any or all are pertinent to the invention, or that any apparatus disclosed is  
equivalent to the subject invention.

The citation of the above-discussed documents is not to be construed as an assertion that  
more pertinent art could not possibly be in existence. Citation of any document herein is not to be

construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

This reference was cited in an Office Action dated April 4, 2005 in related application USSN 09/570,640 which was in the last three months. Accordingly, Applicants do not believe a fee is necessary for this IDS. If a fee is required, please charge our Deposit Account No. 50/1039.

Respectfully submitted,

Mark J. Murphy
